

MIT.nano at the Massachusetts Institute of Technology certifies that

Myrna Ortiz

has successfully completed the online portion of the 2024 NanoLab. Part of the Monterrey Tec-MIT Nanotechnology Program, the NanoLab is an introduction to micro- and nanotechnology. The online portion is a one-week lecture series that covers the fundamentals, fabrication process flow, and data analysis of a variety of devices that can be made using the tools and instruments inside MIT.nano's cleanroom.
